

2009 March 12

The Honourable Luke Ouelette
Minister of Transportation
Legislature Building
10800 – 97 Avenue
Edmonton, AB T5K 2B6

Dear Minister Ouelette:

I watched question period last Thursday, March 5th. (I know, I should get a life!) In your answer to Calgary McCall MLA Kang regarding the Airport Trail tunnel, you indicated there would be a problem because of the Dangerous Goods Route.

For your clarification, Barlow Trail is a north/south route that will be replaced by the Metis Trail expressway. The tunnel will be on Airport Trail which is an east/west expressway and there would be no reason to have it designated as a Dangerous Goods Route.

I hope this helps.

Thanks,
